Product description

4-compartment stainless steel surface-mounted mailbox BASIC Plus 382X AP with side bell box

German quality manufacture "Made in Germany" by Briefkasten Manufaktur. The complete 3-unit surface-mounted mailbox is made of weather-resistant stainless steel V2A, brushed. A rain run-off edge for optimal water protection, a double-folded insertion flap with rubber buffer, the solid interchangeable nameplate, a practical mail-holding bracket and the very robust lock characterise this stainless steel mailbox.

The mailbox systems of the BASIC Plus collection are distinguished by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts installation and straightforward self-installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, self-installation is uncomplicated. The mailbox system is prepared for straightforward complete installation; no complex wall-mounting of individual boxes is required. 4-compartment surface-mounted mailbox made of high-quality, weather-resistant stainless steel V2 A 1.4301, brushed.

The advantages at a glance

Close-fitting stainless steel cladding with drip roof

Side cladding and drip roof are included in this version and are made of brushed stainless steel V2A. The close-fitting design forms a closed, constructively coordinated unit with the mailbox system.

Generous letter insertion

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damping with a rubber buffer reduces impact noise during insertion. The mail-holding bracket retains items during removal.

Integrated bell and intercom area

Bell box made of brushed stainless steel V2A 1.4301. A stainless-steel doorbell button Type 4 is used. Optionally prepared with a speaker grille for the installation of common intercom systems or flush-mounted speakers. (Intercom system/flush-mounted speaker not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacture and well-thought-out construction

The system is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for straightforward self-installation.

Mail items are best protected from moisture and dirt when fully inserted and with the insertion flap closed. Protruding items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fastening must be adapted to the system weight and the existing wall structure.
