11-unit 6x2 design surface-mounted mailbox system GOETHE AP - RAL colour of choice | 200mm depth | with 11 mailboxes

Product number 215-AP-11-200

Product description

11-unit 5x2 surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 11-compartment surface-mounted mailbox system. The modern GOETHE mailbox is ideal for a discerning entrance area. The clean-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large entry aperture ensures that even DIN C4 envelopes and magazines — or post accumulated during several days' absence — are not creased. The innovative Push-Key lock is hidden unobtrusively inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the retrieval door prevents mail from falling out towards you. The internal mail is optimally protected from the elements by a water-drip edge. The entry flap is fitted with high-quality axle dampers, ensuring quiet closing and preventing annoying rattling due to weather. The replaceable plexiglass nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an insert for advertising Yes/No.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part replacement and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 11-compartment surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys per compartment.
- Mail insertion and retrieval are from the front. Entry flap with high-quality axle dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insert size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without bending.
- Retrieval doors open from top to bottom, preventing mail from falling out towards you.
- Plexiglass nameplate for name labelling and a second nameplate with advertising insert Yes/No per compartment.
- Optional house number labelling approx. 100–150 mm high.
- Optimal protection from rain via drip edges and a rain canopy made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Includes mounting rail for wall installation.

Important information:

To achieve optimum protection of your mail from water, the individual mailbox or mailbox system should, if possible, be positioned under a canopy.

Postal items are only protected from water if they are fully deposited in the box and the entry flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Ingress of water is not a valid reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
