Freestanding showcase Fleming ST-T- different sizes- RAL of choice

High quality showcase made in Germany by mailbox manufaktur. The ideal solution for the one-piece poster scene indoors and outdoors. A high degree of variability and stability make the fleming showcase the ideal model for your church, school, community, the (sports) association and other public institutions.

The showcase consists entirely of aluminum, powder-coated in RAL color. The showcase is suitable for 8-27x DIN A-4 leaves, the showcase has a RAL color, magnetic back wall and a white text cover in the upper visual area. The glazing consists of single-pane safety glass, the integrated ventilation openings ensure fogging of the disc.

Thanks to the construction method, self-assembly is uncomplicated.

- Freestanding aluminum showcase, powder-coated in RAL color.
- The system is created for the mailbox manufaktur. German quality production "Made in Germany".
- Suitable for 8-27x A-4 leaves.
- Up to the top of the folding poultry, supported by gas pressure springs with autom. Covering in open position. With safety locks with 2 keys each.
- glazing from single-pane safety glass / ESG. Integrated ventilation openings against fitting the disc.
- Text cover H 80mm made of white acrylic text panel, removable, without text. The text panel can be easily covered with labeling film afterwards.
- Lighting in environmentally friendly, power-saving LED technology possible.
- magnetic back wall in RAL color.
- angular aluminum frame construction with internal core connectors (no plastic!).
- The stand elements consist of aluminum profile, powder-coated in RAL color for screw mounting or for concreting.
