Product number 382XA-2-SP-100-O

Product description

2-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box – RAL colour of your choice

High-quality surface-mounted mailbox for 2 households made in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, powder-coated in an RAL colour. The very high-quality workmanship and the well thought-out concept make this mailbox one of our bestsellers. A rain runoff edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical mail-retaining bar and the very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are distinguished by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and uncomplicated self-installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the method of construction, self-installation is straightforward. The mailbox system is prepared for uncomplicated complete installation, so no complex wall mounting of individual boxes is required. 2-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in an RAL colour.

Advantages at a glance

Stainless-steel side cladding with weather canopy

Side cladding and weather canopy are made of stainless steel V2A, powder-coated in the RAL colour of your choice and complement the system as a structurally coordinated weather protection.

Generous letter insertion

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damper with rubber seal reduces impact noise during insertion. The mail-retaining bar holds items back during removal.

Integrated bell and intercom area

Bell/intercom section made of stainless steel V2A, powder-coated in RAL colour. A stainless-steel bell push Type 4 is used as the bell button. Optionally prepared with a speaking grille for the installation of commercially available intercom systems or flush-mounted speakers. (Intercom system/flush-mounted speaker not included). An execution with Comelit Ultra video complete set is also available as an option.

Quality manufacturing and thoughtful construction

The unit is manufactured by Briefkasten Manufaktur in Germany. The construction is designed for uncomplicated self-installation.

Equipment and product details

Mailbox system

Number of mailboxes 2 separately usable compartments
Arrangement 1 × 2
Depth 100 mm

Mail is best protected from moisture and dirt when fully inserted and with the insertion flap closed. Oversized items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. Fixings must be matched to the weight of the system and the existing wall construction.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
