## Stainless steel front panel for flush mounting of GIRA System 106 - 5-compartment prepared - RAL of your choice

This front panel is used for flush mounting of the GIRA System 106. The Gira System 106 can be used seamlessly in a flush design. The preparation is intended for 5 pieces GIRA 106 system modules. The modules can be used flush-mounted due to the simple holding system (GIRA surface-mounted housing 5505910 required!).

- Front panel made of 2 mm stainless steel V2A 1.4301, powder-coated in RAL color of choice.
- Invisible fastening with bolts on the back.
- Recommended cut-out dimension: H 575mm x W 145mm x D 50mm.
- **WITHOUT GIRA system components!**

### Important information

#### Camera or intercom preparation

Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.
