Stainless steel surface-mounted mailbox BASIC Plus 382X AP with side-mounted doorbell box | Left | 150mm depth | with 1 mailbox | Stainless steel, brushed

Product number 382XA-1W-SP-150-L

Product description

Stainless steel surface-mounted mailbox BASIC Plus 382X AP with side-mounted bell box

German quality manufacture "Made in Germany" by Briefkasten Manufaktur. The complete surface-mounted mailbox is made from weather-resistant stainless steel V2A, brushed. A drip edge for optimal water protection, a double-folded insertion flap with rubber buffer, the robust interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this stainless steel mailbox.

The mailbox systems of the BASIC Plus collection are distinguished by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, simple spare part assembly and uncomplicated self-installation.

Spare parts are directly available for all BASIC Plus systems. Surface-mounted mailbox made of high-quality, weather-resistant stainless steel V2A 1.4301, brushed.

Key advantages at a glance

Close-fitting stainless steel cladding with rain hood

Side cladding and rain hood are included in this version and are made of brushed stainless steel V2A. The close-fitting design forms a unified, structurally coordinated unit with the mailbox system.

Generous letter entry

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damper with rubber buffer reduces impact noise during insertion. The mail retention bar holds items back during removal.

Integrated bell and intercom area

Bell box made of brushed stainless steel V2A 1.4301. A stainless steel bell push type 4 is used as the bell button. Optionally prepared with a speaker grille for the installation of standard intercom systems or flush-mounted loudspeakers. (Intercom system/flush-mounted loudspeaker not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacture and considered design

The unit is manufactured by Briefkasten Manufaktur in Germany. The construction is designed for uncomplicated self-installation.

Equipment and product details

Mailbox unit

Number of mailboxes 1 separately usable mailbox compartment
Depth 150 mm
Mailbox material Stainless steel V2A 1.4301
Mailbox finish Brushed
Bell/intercom section Bell box made of stainless steel V2A 1.4301, brushed

Mail and operation

Insertion opening 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Insertion flap Noise-damped by rubber buffer
Mail retrieval Front access
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the insertion flap
Mail retention bar Integrated for each mailbox

Installation and fittings

Type of installation Surface-mounted
Drip edge Integrated into the construction
Rain hood Made of stainless steel V2A, brushed
Side cladding Made of stainless steel V2A, brushed
Mounting material For wall mounting including fixings
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail items are best protected from moisture and soiling when fully inserted and the insertion flap is closed. Protruding items may prevent the flap from closing completely.
