Product number 382XA-6-SP-100-O

Product description

6-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box - RAL colour of choice

High-quality surface-mounted mailbox for 6 households made in Germany by Briefkasten Manufaktur. The mailbox is completely made of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well-conceived design make this mailbox one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion, a robust interchangeable nameplate, a practical mail retention bracket and a very sturdy lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part fitting and straightforward self-installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, self-installation is straightforward. The mailbox system is prepared for uncomplicated complete installation; no elaborate wall mounting of individual boxes is necessary. 6-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in a RAL colour of choice.

The advantages at a glance

Stainless steel side cladding with canopy

Side cladding and canopy are made of stainless steel V2A, powder-coated in a RAL colour of choice and complement the system as a constructively matched weather protection.

Generous letter slot

The insertion aperture measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bracket holds items back during removal.

Integrated bell and intercom section

Bell/intercom section made of stainless steel V2A, powder-coated in a RAL colour. A stainless steel doorbell push-button Type 4 is used as the bell button. Optionally prepared with a speaker grille for the installation of standard intercom systems or flush-fit speakers. (Intercom system/flush-fit speakers not included). An option with Comelit Ultra video complete set is also available.

Quality manufacture and thoughtful construction

The system is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for straightforward self-installation.

Equipment and product details

Mailbox system

Number of mailboxes 6 separately usable mail compartments
Arrangement 2 × 3
Depth 100 mm
Mailbox material Stainless steel V2A
Mailbox finish Powder-coated in RAL colour of choice

Mail is best protected from moisture and soiling when fully inserted and with the insertion flap closed. Items protruding from the compartment may prevent the flap from closing completely.

Note on wall mounting

Before mounting, the load-bearing capacity and condition of the wall must be checked. Fixings must be matched to the system weight and the existing wall construction.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
