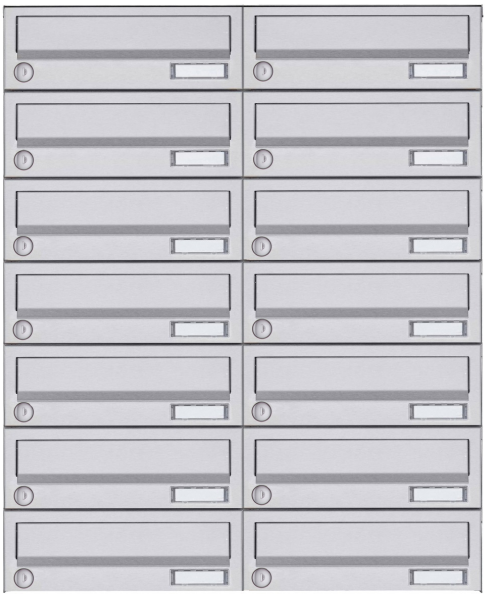
14-unit 7x2 surface-mounted mailbox system Design BASIC 385A- VA AP - Stainless steel V2A, brushed | with 14 mailboxes (2x7) | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | Stainless steel, brushed



Product number 385A-VA-14W

Product description

Wide surface-mounted mailbox system BASIC 385A for 14 households – brushed stainless steel V2A

The BASIC 385A surface-mounted mailbox system for 14 households is a robust wall solution for larger multi-family homes, residential complexes and commercial properties. The wider W version distributes the mailboxes across a multi-column front and keeps the overall system proportionally lower and easy to overview.

The mailbox system is made from high-quality stainless steel V2A in a brushed finish. Mailboxes, cladding and weather canopy form a timeless, low-maintenance and robust stainless steel unit.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm insertion slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with key number and a changeable nameplate located under the insertion flap.

Advantages of the BASIC 385A surface-mounted system at a glance

Weather canopy and side panels

The weather canopy and side panels combine the individual compartments into a closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 insertion and 12 litres volume

The 300 × 110 × 385 mm (W × H × D) compartments each provide approx. 12 litres of volume. The 35 × 265 mm insertion slot also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the insertion flap. Robust locks, two keys with key number and protected changeable nameplates ensure clear allocation of the individual compartments.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail facilitates installation; fixing materials with screws and wall plugs are included in the described specification.

Entirely in brushed stainless steel

The V2A finish combines a high-quality metal surface with a robust construction for long-lasting surface-mounted mailbox systems. The system is manufactured in Germany by the mailbox manufactory.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 14 individually lockable compartments
Individual compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per compartment
Material Stainless steel V2A 1.4301, brushed
Finish Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Insertion slot 35 × 265 mm, suitable for DIN C4 portrait
Insertion flaps With noise-damping rubber lip
Mail retrieval Front-facing
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Changeable nameplate below the insertion flap

Cladding and wall mounting

Side panels Flush-fitting design
Weather canopy Solid, matching the unit
Mounting type Surface-mounted wall installation
Mounting aid Mounting rail
Fixings Screws and wall plugs included; suitability for the local wall construction must be checked on site
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be level and sufficiently load-bearing. The supplied screws and wall plugs are to be used only if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be specified on site.

Briefkasten Manufaktur Lippe GmbH

Note on weather protection

Mail is best protected from moisture and soiling only when items are fully inserted and the insertion flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Surface/colour	Brushed
Number of boxes	with 14 letterboxes
Mounting type	Surface-mounted

Dimensions

Height of single box in mm	110.0
Width of single box in mm	300.0
Capacity in litres	12
Height of letterbox slot in mm	35.0
Width of letter slot in mm	265.0
Height of letterbox in mm	770.0
Width of letterbox system in mm	600.0
Total width in mm	608.0
Depth in mm	435.0
Weight in kg	75
Delivery condition	Delivered partially disassembled.
