Product description

KANT Edition surface-mounted parcel box with airlock technology - Elegance 1 design - DB 703 micaceous iron ore

The KANT Edition parcel box is an innovative solution that combines **elegant design** and functional convenience. With its minimalist design, which features an invisible lock and stylish labelling options, it blends seamlessly into modern living environments. You can rely on **long-lasting quality** thanks to our excellent choice of materials and precise workmanship.

The generous opening allows parcels up to a size of 360 x 250 x 130 mm to be posted, meaning that parcels up to parcel size M can also be posted safely and easily. A special highlight is the protective flap, which not only elegantly covers the opening but also the lock and protects it from moisture. Thanks to the integrated lock technology, parcels can only be removed from the bottom of the lock-secured compartment, preventing theft from above. A parcel box for the simple receipt of parcels, parcel receipt independent of the deliverer! Any parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. Thanks to the airlock technology and 85 litre capacity, it is possible to receive several parcels. For daily post, we recommend the KANT letter box in a matching design.

Self-assembly is straightforward thanks to the sophisticated design.

Important information:

To achieve optimum water protection for your parcels, the parcel box or parcel box system should be located under a canopy if possible.

The parcel is only protected from water if it is completely placed in the box and the flap is closed. Parcels that are not fully inserted allow moisture and dirt to enter the parcel box. Water ingress is not a reason for complaint.
