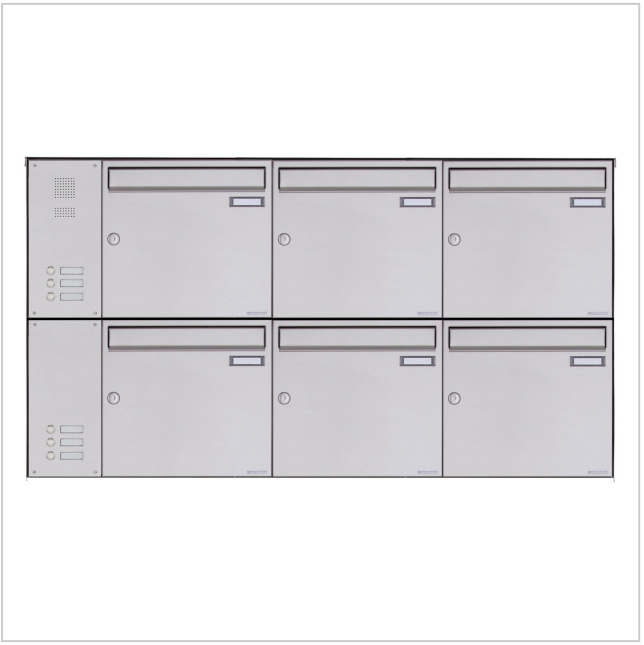
6-compartment stainless steel surface-mounted mailbox BASIC Plus 382X AP with side-mounted bell box | Left | 100mm depth | with 6 letterboxes (3x2) | Stainless steel, brushed



Product number 382XA-VA-6W-SSP-100-L

Product description

6-unit stainless steel surface-mounted mailbox BASIC Plus 382X AP with side-mounted bell box

German quality manufacture "Made in Germany" by Briefkasten Manufaktur. The complete 3-unit surface-mounted mailbox is made of weather-resistant stainless steel V2A, brushed. A drip edge for optimal water protection, a double-folded mail slot flap with rubber buffer, the robust interchangeable nameplate, a practical mail retention bar and the very sturdy lock distinguish this stainless steel mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy replacement-part installation and uncomplicated self-installation. Spare parts are available directly for all BASIC Plus systems.

Thanks to the design, self-installation is straightforward. The mailbox system is prepared for simple complete installation; there is no need for time-consuming wall-mounting of individual boxes. 6-unit surface-mounted mailbox made of high-quality, weather-resistant stainless steel V2A 1.4301, brushed.

Advantages at a glance

Close-fitting stainless steel cladding with rain canopy

Side cladding and rain canopy are included in this version and are made of stainless steel V2A, brushed. The close-fitting design forms a unified, structurally coordinated unit with the mailbox system.

Generous letter slot

The entry aperture measures 35 × 325 mm and is designed for DIN C4 in landscape format. The mailbox design complies with DIN EN 13724.

Quiet posting and convenient retrieval

The integrated flap damping with a rubber buffer reduces impact noise during posting. The mail retention bar holds items back during retrieval.

Integrated bell and intercom area

Bell box in stainless steel V2A 1.4301, brushed. A stainless steel bell push-button type 4 is used. Optionally prepared with a talk-through grille for the installation of standard intercom systems or flush-fit speakers. (Intercom system/flush-fit speaker not included). An option with a Comelit Ultra video complete set is also available.

Quality manufacturing and considered design

The system is manufactured at the Briefkasten Manufaktur in Germany. The design is intended for straightforward self-installation.

Equipment and product details

Mailbox system

Number of mailboxes 6 individual mail compartments
Arrangement 3 × 2
Depth 100 mm
Mailbox material Stainless steel V2A 1.4301
Mailbox finish Brushed
Bell/intercom section Bell box in stainless steel V2A 1.4301, brushed

Mail and operation

Entry aperture 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Inlet flap Noise-dampened by rubber buffer
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the flap
Mail retention bar Integrated for each mailbox

Mounting and equipment

Type of mounting Surface-mounted
Rain runoff edge Integrated into the construction
Rain canopy Made of stainless steel V2A, brushed
Side cladding Made of stainless steel V2A, brushed
Mounting material For wall mounting including mounting rail and fixings (screws + wall plugs)
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail items are optimally protected against moisture and soiling when fully posted and with the flap closed. Protruding items can prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. Fixings must be matched to the weight of the system and the existing wall construction.

Product properties

Series	BASIC
Number of bell push buttons	6 buttons
Functions	Light button, Intercom
Functional box prepared for manufacturer	GIRA, Busch Jaeger, Siedle, STR Elektronik, ELCOM, TCS, Ritto, ALGO, Telegärtner, Auerswald, Legrand Bticino, Comelit
Number of boxes	with 6 letterboxes
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Surface/colour	Brushed
Mounting type	Surface-mounted

Dimensions

Height of single box in mm	330.0
Width of single box in mm	355.0
Capacity in litres	12.0 | 17.0
Height of letterbox slot in mm	35.0
Width of letter slot in mm	325.0
Height of letterbox in mm	660.0
Width of letterbox system in mm	1235.0
Total width in mm	1235.0
Depth in mm	100.0 | 150.0
Weight in kg	24
