Product number 385A-7016VA-17W

Product description

Wide surface-mounted mailbox system BASIC 385A for 17 households – BI-Color RAL 7016 / stainless steel

The BASIC 385A surface-mounted mailbox system for 17 households is a robust wall solution for larger apartment buildings, residential complexes and commercial properties. The wider W-version distributes the mail compartments across a multi-column front and keeps the overall system lower and more clearly arranged.

The BI-Color version combines anthracite grey powder-coated mailbox bodies with brushed stainless steel V2A elements. The material contrast gives the BASIC system a high-quality, modern appearance.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and provides approx. 12 litres of volume. The 35 × 265 mm insertion opening is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys with a key number and a replaceable nameplate beneath the insertion flap.

The benefits of the BASIC 385A surface-mounted system at a glance

Top canopy and side cladding

The top canopy and side panels unite the individual mail compartments into a closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 insertion and 12 litres capacity

The 300 × 110 × 385 mm (W × H × D) compartments each offer approx. 12 litres of volume. The 35 × 265 mm insertion opening also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip damps the insertion flap. Robust locks, two keys with key number and protected replaceable nameplates ensure clear use of the individual compartments.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade mounting. A mounting rail facilitates installation; fixings including screws and wall plugs are included with the described configuration.

BI-Color in anthracite and stainless steel

RAL 7016 anthracite grey fine-textured matt is combined with brushed stainless steel accents to create a striking material contrast. The system is manufactured in Germany by Briefkasten Manufaktur.
