4-compartment 2x2 free-standing letterbox Design BASIC Plus 381X ST-R with waste garbage can & showcase - RAL of your choice

Modern free-standing letterbox for 4 parties - made in Germany by Briefkasten Manufaktur.

The mailboxes are made of weather-resistant stainless steel V2A 1.4301, powder coated in RAL color of your choice. The very high-quality processing and the thought-out concept make this free-standing letterbox our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate, a practical mail holding bracket and the very robust lock distinguish this free-standing letterbox. The side panel with protruding rain cover made of stainless steel V2A offers optimal protection against the weather and guarantees a very high durability. The letterbox is complemented by a waste garbage can with elegant round tube stand elements. The dimensions allow a capacity of about 45 liters, the opening guarantees convenient insertion of waste. Due to the well thought-out waste bag removal, the waste garbage can is designed without visible screw connections and rivets.

The showcase is completely made of aluminum, anodized in matt silver (E6/EV1). The showcase is suitable for 2-4x DIN A-4 sheets. The showcase has a RAL color, magnetic back panel and a white text panel in the upper visible area. The glazing is made of single-pane safety glass, the integrated ventilation openings prevent the glass from fogging up.

The letterboxes in the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

• 4-compartment free-standing letterbox with letterboxes made of stainless steel V2A, powder coated in RAL color of your choice

- The system is manufactured at Briefkasten Manufaktur. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flap with noise-damping rubber seal for very quiet insertion of mail.
- The door can be opened from left to right.

- Incl. 2 keys with key number, changeable name plate (type 2) under the access flap and mail retainer.

- Large capacity due to optional mailbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Incl. side cover + rain cover made of stainless steel V2A, powder coated in RAL color of your choice.

• Waste garbage can - waste garbage can made of stainless steel V2A 1.4301, powder coated in RAL color of your choice

- Cover plate made of stainless steel V2A 1.4301, powder coated in RAL color of your choice. Optionally with ashtray.
- Capacity of approx. 45 liters, the opening (270mm x 180mm) guarantees convenient insertion of waste.
- Simple and easy change of the plastic bag: unlock and remove the cover plate, remove the front plate, change the plastic bag.
- Water drainage corners in the bottom prevent water accumulation in the container.
- Optional pictograms/labeling possible.

• Showcase (WxH 710 x 660mm) made of aluminum, powder coated in RAL color of your choice

- Suitable for 2x DIN A-4 sheets.
- Glazing made of toughened safety glass / ESG. Integrated ventilation openings against fogging of the pane.
- The viewing area has a surface of W 560 x H 520mm minus text panel H 80mm.
- Text panel made of white acrylic text panel, removable, without text. The text panel can be easily covered with labeling foil. Illumination in environmentally friendly, energy-saving LED technology possible.
- Door opens from left to right with security lock incl. 2 keys.
- Magnetic white rear panel.
- Angular aluminum frame construction with internal corner connectors (no plastic!).
- The stand elements are made of 60.3 mm V2A stainless steel, ground for screw mounting or setting in concrete.

Important information:

The mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
