Product description

Design letterbox SCHILLER MEDIUM VARS - RAL colour with stainless steel application

The ORIGINAL - our absolute top seller since 2006. We have been manufacturing this letter box from high-quality stainless steel since 2006.

High-quality stainless steel design letter box for wall mounting with front panel made of 2 mm stainless steel in RAL fine structure, matt powder-coated & elegant stainless steel application. This letterbox is solidly manufactured and the base material is made entirely of stainless steel. This ensures optimum rust protection.

The dimensions allow for a capacity of approx. 12 litres, and the insertion from above guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. This wall letterbox is designed so that you can keep your hands free when opening it, and the internal structure prevents mail from falling towards you. By inserting the mail from above, the mail inside is optimally protected from the weather. The lid is secured with rubber buffers to prevent annoying rattling.

The SCHILLER MEDIUM letterbox comes with a matching newspaper compartment in the same colour and shape. See accessories.
