free-standing letterbox HESSE 183-7016 with newspaper compartment - anthracite gray RAL 7016

Our classic mailbox HESSE has a modern minimalist design. The high-quality processed mailbox with newspaper compartment is made of steel, galvanized, the stand elements are made of stainless steel V2A, polished.

The dimensions allow a capacity of about 12 liters, the insertion from the top guarantees no crumpled mail even with DIN C4 envelopes and magazines or after several days of absence. With the lock on the left side, this wall mailbox is designed to keep your hands free when opening it, and the practical retaining bracket prevents mail from falling towards you. Due to the insertion from the top, the mail inside is optimally protected from the weather. The mailbox is weatherproof and waterproof. The lid is secured with rubber buffers against annoying rattling. The newspaper compartment is discreetly hidden in the removal door and can be occupied from the left and right, due to the convenient size here can also accommodate large weekly papers. The high-quality processed mailbox with newspaper compartment is made entirely of steel, galvanized & powder coated, there are no visible welding points or rivets.

- Mailbox made of galvanized sheet steel, powder coated in RAL 7016 anthracite gray fine structure matt.
- With integrated newspaper compartment in the removal door. Open on both sides.
- The door can be opened from left to right.
- Incl. 2 keys and engravable stainless steel nameplate.
- The box complies with DIN/EN.
- Insertion C4 crosswise, here fit even large letters without bending.
- The columns are made of 42.4 mm stainless steel V2A 4301, ground for setting in concrete or screw mounting.

Important information:

Mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
