## 2-compartment Fence mailbox freestanding Design BASIC Plus 381XZ ST-R with bell box for intercom - stainless steel polished - removal from the back

High quality fence mailbox including bell box for 2 parties made in Germany by Briefkasten Manufaktur.

The successful BASIC collection as a fence mailbox. The insertion is on the front side, the residents can remove the mail from the back.

The mailbox is made entirely of stainless steel V2A 1.4301, 240 grain ground. The very high quality workmanship and the sophisticated concept make this free-standing letterbox our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate, a practical mail retaining bracket and the very robust lock characterize this free-standing letterbox. The side panel with protruding rain cover made of stainless steel V2A offers optimum protection against the weather and guarantees a very long service life.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

### Important information

#### Camera or intercom preparation

**The intercom systems must be connected by an electrician. Contact your trusted electrician for planning, installation and wiring.**

#### Water protection

Mail is protected from moisture and contamination only when it is fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
