Stainless steel video door station DESIGNER 529S Elegance I with DoorBird D1100E - RAL of your choice

This simple and elegant doorbell plate fits seamlessly into the house facade. The front panel made of stainless steel V2A 1.4301 in your desired color is placed on a 5mm stainless steel frame and stands out slightly from the house wall in this respect. Integrated DoorBird IP Video Door Station D1100E. The DoorBird IP Video Door Station D1100E is the smart solution for your entrance door. The IP Video Door Station can be operated as a standalone unit or integrated into an existing smart home platform. Even existing, classic installations such as a door chime or an electric door and gate opener can continue to be used with DoorBird and controlled via the app using a smartphone and tablet.

Our products have a high value, reliable functionality and their own identity. Made by Briefkasten Manufaktur.

Important information

Camera or intercom preparation

Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.

Water protection

For optimum water protection, the door station should be located under a canopy if possible.
