10-compartment 5x2 stainless steel flush-mounted mailbox system BASIC Plus 382XU UP - polished stainless steel - 10 parties

Modern flush-mounted mailbox for 10 parties - made in Germany by Briefkasten Manufaktur.

The mailbox is completely made of stainless steel V2A, polished. The very high quality workmanship and the sophisticated concept make this flush-mounted mailbox our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid changeable name plate, a practical mail holding bracket and the very robust lock distinguish this flush-mounted mailbox. The flush-mounted frame made of stainless steel V2A is equipped with a foam rubber seal and guarantees a very high durability.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- 10 compartment flush-mounted letterbox system completely made of stainless steel V2A 1.4301, 240 grain ground.
- The system is created at the letterbox manufactory. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insert size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flap with noise-damping rubber seal for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate (type 2) under the access flap and mail retainer.
- Large capacity due to optional mailbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, 240 grain ground.

Important information:

Mail is protected from moisture and contamination only when fully inserted and flap closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
