1 stainless steel surface mailbox Design BASIC Plus 382XA AP Elegance II - RAL of your choice

High quality surface mailbox for 1 party made in Germany by Briefkasten Manufaktur. Supplemented by the design fascia Elegance with a discreet dividing line, a house number and name inscription as a high-quality laser inscription in gray font color.

The complete surface-mounted mailbox is made of stainless steel V2A, powder-coated in RAL color. The very high quality workmanship and the sophisticated concept make this mailbox our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, a practical mail holding bracket and the very robust lock distinguish this surface-mounted mailbox.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- 1er surface mailbox made of stainless steel V2A, powder coated in RAL color.
- The letterbox is created at the letterbox manufactory. German quality production "Made in Germany".
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flap with noise-damping rubber seal for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number and mail holding bracket.
- Large capacity due to optional mailbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Cover made of stainless steel V2A 1.4301, ground. Optionally with laser inscription in gray. House number approx. 80-100mm height & name inscription approx. 15-25mm height.
- Incl. side cladding + rain roof made of stainless steel V2A, powder coated in RAL color.
- For wall mounting incl. mounting material (screws + dowels). For fence mounting optionally also without rear perforation (perforation must be made on site).

Important information:

Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
