Stainless steel pillar DESIGNER 605 - Wallbox prepared - Suitable for many wallbox manufacturers

High-quality manufactured column for the reception of wallboxes. The standing column is completely made of stainless steel V2A 1.4301. You will receive this standing column with the appropriate mounting hole for your wallbox (wallbox is not included). An invisible cable feed through the body is possible without any problems.

Thanks to the construction method, self-assembly is uncomplicated.

- High-quality pillar made of stainless steel V2A 1.4301 optionally ground or powder coated in RAL color of your choice.
- Quality manufacturing - Made in Germany - Letterbox Manufaktur Lippe.
- The fully welded standing column is made of 1.5mm stainless steel V2A 1.4301. Height is 1.60 m.
- Mounting plate made of 2 mm stainless steel V2A 1.4301 optionally ground or powder coated in RAL color of your choice.
- Mounting plate with suitable perforation for wallbox (see selection).
- Invisible cable feed through the body possible.
- The pillar is equipped with a base plate made of 10mm stainless steel V2A 1.4301. This is finished with a cover panel.

• **WITHOUT wallbox!**
