## 3-compartment Surface mount mailbox design BASIC 385XA AP with bell box & 1x newspaper box - RAL of your choice

Modern surface mounted mailbox system for 3 parties made in Germany by Briefkasten Manufaktur.

The mailboxes are made of weather-resistant stainless steel V2A, powder coated in RAL color. The very high quality workmanship and the sophisticated concept make this mailbox system our top seller. A close-fitting side panel with rain canopy and the rain gutters for optimal water protection, an insertion flap with rubber lip, the solid interchangeable name plate and the robust lock distinguish this letterbox system.

The letterbox systems of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility or modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

### Important information

#### Camera or intercom preparation

**The intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.**

#### Water protection

Mail is protected from moisture and contamination only when it is fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
