Large capacity letterbox freestanding Design BASIC Plus 380XBP-550 ST-T - RAL at choice - 370x550x380 - 77 liters incl. side panel & rain roof

Modern large capacity letterbox for free standing with cladding and rain roof - made in Germany by Briefkasten Manufaktur. The letterbox is made of stainless steel, powder coated in RAL color, the stand elements are made of anodized aluminum profile, powder coated in RAL color and are solidly manufactured and at the same time very elegant. A close-fitting side panel with rain cover and the rain gutters for optimal water protection, a throw-in flap with rubber lip, the solid changeable name plate and the robust lock distinguish this free-standing letterbox. This mailbox is easy to clean and insensitive.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility resp.

- modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus units.
- free-standing letterbox completely powder coated in RAL color
- The system is manufactured at Briefkasten Manufaktur. German quality production "Made in Germany".
- This large capacity mailbox is suitable for increased mail volume with 77 liters.
- The letterboxes made of stainless steel V2A, powder coated in RAL color fine structure matt correspond to DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber lip for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number and change name plate under the access flap per mailbox.
- Incl. close-fitting side panel + rain cover made of stainless steel V2A, powder coated in RAL of your choice fine structure matt.
- Optional house number inscription, lasered approx. 80-100mm high.
- The stand elements are made of aluminum profile, powder coated in RAL color fine structure matt, for screw mounting or for setting in concrete.

Important information:

The mail is protected from moisture and dirt only when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1cm). This is not a reason for complaint.
