2-compartment Letterbox pillar BASIC Plus 864X with parcel compartment 550x370 - newspaper compartment closed & DoorBird D2100E - RAL of your choice

Modern mailbox column including package compartment and wifi-enabled video intercom DoorBird D2100E - made in Germany by Briefkasten Manufaktur.

The mailbox column is made entirely of stainless steel V2A and aluminum, powder coated in RAL color. The very high quality workmanship and the sophisticated concept make this mailbox column our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate and the very robust lock distinguish this mailbox column. The 6mm thick side panel with protruding rain cover made of aluminum offers optimal protection against the weather and guarantees a very high durability.

Parcel reception independent of the delivery person! Every parcel delivery service (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel mailbox.

Integrated DoorBird IP Video Door Station D2100E. The DoorBird IP Video Door Station D2100E is the smart solution for your front door. The IP Video Door Station can be operated as a standalone unit or integrated into an existing smart home platform. Even existing, classic installations such as a door chime or an electric door and gate opener can continue to be used with DoorBird and controlled via the app using a smartphone and tablet.

The letterbox systems of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A and aluminum. The result is a very high durability and sustainability. The design has been developed by our own engineers with regard to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- **Mailbox column with package compartment made of stainless steel V2A 1.4301 and aluminum, powder-coated in RAL color**
- The complete mailbox column is designed in modular construction, therefore each component can be exchanged or changed at any time.

- DoorBird IP video door station D2100E and 2x call button (large), illuminated installed.

Important information:

Camera or intercom preparation

Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.

Water protection

Mail is protected from moisture and contamination only when it is fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
