Stainless steel parcel box free-standing BASIC Plus 863X ST-R - parcel box 550x370 in RAL of your choice

Parcel reception independent of the delivery company! Every parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. This parcel box is especially suitable for large, but few (usually 1 pcs. per day) parcel shipments.

The parcel box is made of stainless steel V2A 1.4301, powder coated in RAL color, the standing elements are made of stainless steel V2A 1.4301, 240 grain ground. The very high quality workmanship and the sophisticated concept make this mailbox system our top seller. A rain drainage edge for optimal water protection and the innovative parcel lock distinguish this parcel box. This parcel box is easy to clean and insensitive.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility resp. modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- Parcel box completely made of stainless steel V2A 1.4301 with body/parcel compartment powder coated in RAL color of your choice.
