## Stainless steel wall-mounted mailbox Fanny 374A with newspaper box - RAL of your choice - front cover stainless steel sanded

The new Fanny mailbox is the ideal postal recipient for everyday life. The mailbox with its cheeky and at the same time modern optics is a real eye-catcher.

The complete wall-mounted mailbox with a newspaper box consists of stainless steel V2A, powder-coated in RAL color. The stainless steel panel with its house number and name lettering in gray is ground with 240-part grain. The very high-quality workmanship and the well thought-out concept make this mailbox our darling. A rain drain edge for optimal water protection, a continuous rubber lip for low throw-in, the stainless steel changing sign in RAL color with optional lettering "Advertising No thanks", a practical postal stop and the very robust door lock distinguish this wall-mounted mailbox.

The mailboxes of the Fanny collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility or modularity, one-piece spare parts assembly and uncomplicated self-assembly. For all Fanny mailboxes you will receive your spare parts directly in our shop or through our customer service.

- Letterbox for wall mounting made of stainless steel V2A 1.4301, powder-coated in RAL color.
- Front cover made of 1.5mm stainless steel V2A 1.4301, 240-part grain. High quality and UV-resistant laser lettering in gray.
- The mailbox is created at the mailbox manufactory. German quality production "Made in Germany".
- The mailbox corresponds to the DIN/EN 13724. Involving size (3.5 cm x 32.5 cm) for C4, large letters also fit in here without kinking.
- Throw-in flap with noise-damping rubber seal for very quiet throw-in mail.
- The door can be opened from left to right.
- Incl. 2 Key with key number, stainless steel changing sign in RAL Color with optional labeling "Advertising No Thank you" under the throw-in flap and postal stop.
- Newspaper box, open on both sides made of stainless steel V2A, powder-coated in RAL color. Dimensions: 355x100x100mm. Dilment with lettering "Zeitung".
- Incl. Side cladding and tight-fitting rain roof made of 1.5mm stainless steel V2A, powder-coated in RAL color.
- For wall mounting including fastening material (screws + dowels). For fence assembly either without the back of the hole (perforation must be done on site).

### Important information:

The post is only protected from moisture and pollution when the flap is completely thrown and closed. In certain extreme weather conditions, water can still occur (according to DIN EN 13724 to 1ccm). This is not a reason for complaint.
