## Stainless steel surface-mounted parcel post box BASIC Plus 863X AP Elegance with parcel compartment 550x370 in RAL of your choice

The modern parcel mailbox BASIC 863X now in the popular "Elegance" version, with noble name inscription and house number in stainless steel.

Parcel reception independent of the delivery person! Every parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. This parcel box is especially suitable for large, but few (usually 1 pcs. per day) parcel shipments.

The parcel box is made of stainless steel V2A 1.4301, powder coated in RAL color. The very high quality workmanship and the sophisticated concept make this parcel mailbox our top seller. A rain drainage edge for optimal water protection, an insertion flap with rubber lip, the solid change name plate and the robust lock characterize this surface-mounted parcel mailbox. This mailbox is easy to clean and insensitive.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility resp. modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- Surface-mounted parcel post box completely made of stainless steel V2A 1.4301 powder-coated in RAL color of your choice.
- Parcel compartment 370x550x385 mm (WHT) incl. parcel lock with snap-in lock.
- Volume parcel compartment: 77 liters, Max. Package size: 340 x 520 x 350 mm (WHT).
- Mailbox 370x110x385 mm (WHT). Removal from the front, the removal door opens from left to right.
- C4 letterbox from the front, large letters can be inserted without bending. Insertion flap with rubber lip.
- DIN EN 13724 compliant.
- Including 2 keys with key number per single box and flush removable name plate 2-piece under the access flap (without inscription).
- With high-quality stainless steel laser inscription "PAKET", name inscription and house number. House number approx 80-100mm height & name inscription approx 25-40mm height.
- Close-fitting side cladding with integrated rain edge protruding to the front, roof plate edged over side plates made of 2 mm stainless steel V2A 1.4301, powder coated.
- Delivery includes mounting material for wall mounting.

### Important information:

Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
