Montagebohrungen

Socket pillar for floor mounting BASIC 372 - polished stainless steel V2A - powder-coated

Modern socket column made entirely of stainless steel V2A. As a bi-colour combination with sockets in polished stainless steel and powder-coated stainless steel body. This socket column is absolutely weatherproof due to the side cladding and the rain roof made of 2mm stainless steel, as well as with the IP44 socket and is perfectly suitable for outdoor use.

- Socket column completely made of stainless steel V2A.
- The socket column is created at Briefkasten Manufaktur. German quality production "Made in Germany".
- Body and fascia made of stainless steel V2A 1.4301, powder-coated in RAL/DB colour.
- Side cladding and rain canopy made of 2mm stainless steel V2A 1.4301, powder-coated in RAL/DB colour.
- Earthed sockets 16 A 250 V ~ with hinged cover made of stainless steel V2A 1.4301, polished. Protection class IP 44 (splash water).
- Hinged cover (with return spring) and with spring terminals for rigid and untreated flexible conductors up to 2.5 mm². Connection terminals according to DIN VDE 0620.
- Foot plate made of 5mm stainless steel for screw mounting.
