26er - 30er 5x6 stainless steel mailbox system Design BASIC Plus 385X ST-R - RAL of your choice

+++Optical defect on the stand elements, these are a little warped. However, this does not limit the function!+++

Modern free-standing letterbox system - made in Germany by Briefkasten Manufaktur.

The letterboxes are made of stainless steel V2A, powder coated in RAL color, the standing elements are made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the sophisticated concept make this free-standing letterbox our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate, a practical mail holding bracket and the very robust lock distinguish this free-standing letterbox. The side panel with protruding rain cover made of stainless steel V2A offers optimal protection against the weather and guarantees a very high durability. The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- 26er - 30er letterbox system completely made of stainless steel V2A with letterbox, powder coated in RAL color of your choice.
- The system is made at the Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 26.5 cm) for C4 high, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber lip for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number and change name plate (type 2) under the access flap per party.
- Incl. close-fitting side panel+rain cover made of stainless steel V2A, powder-coated in RAL color.
- The stand elements/crossbar made of 114.0 mm stainless steel V2A 1.4301, 240 grain ground for screw mounting or for setting in concrete.

Important information:

Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
