Stainless steel bell plate BASIC 421BE2S-90180 - Elegance II - powder coated - RECTANGULAR

The doorbell plate BASIC in RAL color and a stainless steel trim is very high quality processed and has a robust stainless steel button. The inscription of the house number and the name in stainless steel look very elegant and modern. Installation is simple by inserting the supplied dowels into the masonry, then the element is "hammered" into the dowels. In this way you achieve an optimal and secure fastening. The fixing material is included.

• Bell plate made of 2mm stainless steel, powder coated in RAL color + attached trim made of 2mm stainless steel, ground.
• Round stainless steel bell push button, max. 24 V AC/DC, 1.5 A, IP 54 (pressure force limitation).
• Dimensions: 90 x 180 x 2 mm (W x H x D).
• Optional name inscription, lasered approx. 7-10mm high.
