Stainless steel socket column Designer - Schuko CEE - RAL of your choice

High-quality manufactured socket column completely made of stainless steel V2A, powder-coated of the brand Briefkasten Manufaktur. For the optimal supply on your camping site, camper site, marina or your garden. As a bi-colour combination with sockets in polished stainless steel and body in powder-coated stainless steel. This socket column is completely welded and made of stainless steel, as well as absolutely weatherproof with the IP44 socket and perfectly suitable for outdoor use.

- Ringbelläule made of 1.5 mm stainless steel V2A 1.4301, powder-coated.
- The system is made at Briefkasten Manufaktur. German quality production "Made in Germany".
- Choice of Schuko or CEE sockets. Other variants possible: IP sockets, FI-LS circuit breaker, calibrated energy meter, Swiss sockets or your individual desired combination.
- Inside box is equipped with a top-hat rail (width 35 mm, hole width 15 mm, hole height 6.2 mm, drill hole spacing 25 mm). Thus, FI/LS can be mounted on site.
- Incl. 6x screws cover caps made of stainless steel V2A, ground, so that the screws for fixing the front panel are not visible. See pictures.
- The fully welded stand is made of 1.5 mm stainless steel V2A 1.4301, powder-coated. Height is 1000mm.
- The column is equipped with a base plate made of VA. This is 10 mm thick and is finished with a cover plate. See pictures.
- Invisible cable feed through the corpus possible.

Important information

We recommend that the electrical installation is always carried out by an electrician

Application areas campsites, pitches and marinas

According to DIN VDE 0100-708 regulation, only up to a maximum of 4 sockets per energy column may be installed.
