Socket pillar for floor mounting BASIC 372 - stainless steel V2A powder-coated - Schuko prepared

Modern socket column made entirely of V2A stainless steel, powder-coated. This socket column is absolutely weatherproof thanks to the side cladding and the rain canopy made of 2 mm stainless steel and is perfectly suitable for outdoor use. The column is equipped with a preparation for sockets, so that you can install standard sockets/switches, etc.

- Socket column completely made of stainless steel V2A, powder-coated.
- The socket column is produced at Briefkasten Manufaktur. German quality production "Made in Germany".
- Body and fascia made of stainless steel V2A 1.4301, powder-coated in RAL/DB colour.
- Side cladding and rain canopy made of 2mm stainless steel V2A 1.4301, powder-coated in RAL/DB colour.
- Preparation for standard sockets/switches/device sockets etc. **(sockets shown are not included!)**
- Foot plate made of 5mm stainless steel for screw mounting.
