Video module Ultra with dummy button for rear mounting with external pushbuttons incl. power supply 1210A - RAL of your choice

Comelit video module Ultra for rear mounting in mailbox systems with external pushbuttons (pushbutton interface Ultra 3063U required, not included), the digital call module Ultra or the touch screen module Ultra.

- Audio/video unit in RAL/DB color of choice.
- 2-wire system, just plug in 2 wires and go.
- Wide angle camera (H120° x V90° field of view) with high resolution (1288 x 968 pixels).
- LED illumination of the camera. Due to the integrated infrared LEDs under the camera lens, all visitors are optimally displayed even at night.
- Omni-directional digital microphone and two speakers for hi-fi audio.
- Additional visual and audible indicators for handicapped, adjustable in programming.
- Integrated relay allows door or gate openers to be connected directly through the module. The door and gate openers are controlled via the indoor station or via your smartphone or tablet via app.
- Protection class IP65 and IK08.
- Module for rear installation in our fascia boards and letterbox systems.
- Incl. power supply unit 1210A (optional accessories required: push button interface Ultra 3063U, digital call module Ultra, touch screen module Ultra, home station video 6741W, 6721W or 6801W).
- Recommended installation height: 1350-1600mm.

Important information

Camera or intercom preparation

Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.
