Video door station freestanding DESIGNER 530S ST-Q - RAL color with stainless steel application - Comelit VIDEO Komplettset Wifi

This simple and at the same time elegant doorbell is ideally suited for free-standing installation in the entrance area... The multi-part front panel made of stainless steel V2A 1.4301 in your desired color is placed on a 5mm stainless steel frame and stands out in this respect easily from stand elements made of stainless steel powder coated. An accent offers here the stainless steel front panel with bell button illuminated in white. The individual front panels can be changed at any time, so that the camera model can be replaced even after years. Integrated Comelit video intercom including home station with an integrated Wifi system for mobile access via app from smartphone.

Our products have a high value, reliable functionality and their own identity. Made by Briefkasten Manufaktur.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.

Water protection

For optimum water protection, the door station should be located under a canopy if possible.
