### COMELIT Code Module Ultra with Wiegand Output

Numeric code module for Ultra, compatible with all systems. Used as a code module to directly call the subscriber knowing the subscriber code or for the access control function with PIN input including activation of the outputs of the audio or audio/video modules and the relay of the system. It has a Wiegand output for the interfaces of the third party access control systems. Automatic switch-off of the backlighting of the buttons in daylight by the twilight sensor of the matching speaker module audio or video. Metal cover made of anodized aluminum.

#### Abmessungen & Details

**Height in cm:** 9,0

**Width in cm:** 10,0
