## CEE Socket pillar for floor mounting BASIC 372 - stainless steel V2A powder-coated

Modern socket column completely made of stainless steel V2A, powder-coated in RAL/DB colour. This socket column is absolutely weatherproof due to the side cladding and the rain roof made of 2mm stainless steel, as well as with the IP44 CEE socket and is perfectly suitable for outdoor use.

- Socket column completely made of stainless steel V2A.
- The socket column is created at Briefkasten Manufaktur. German quality production "Made in Germany".
- Body and fascia made of stainless steel V2A 1.4301, powder-coated in RAL/DB colour.
- Side cladding and rain canopy made of 2mm stainless steel V2A 1.4301, powder-coated in RAL/DB colour.
- Attached socket - CEE. Protection class IP 44 (splash water).
- Foot plate made of 5mm stainless steel for screw mounting.

### Important information

**Application areas** campsites, pitches and marinas

According to DIN VDE 0100-708 regulation, only up to a maximum of 4 sockets per energy column may be installed.
