## 2-compartment Letterbox system free-standing, vertical Design BASIC 381-9016 - RAL 9016 traffic white optionally with rain protection roof

Modern free-standing letterbox for 2 parties made in Germany by Briefkasten Manufaktur.

The letterboxes are made of galvanized steel, powder coated in RAL 9016 traffic white fine structure matt, the stand elements are made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the sophisticated concept make this mailbox system our top seller. A rain drainage edge for optimum water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate, a practical mail holding bracket and the very robust lock are the distinguishing features of this free-standing letterbox. This mailbox is easy to clean and insensitive.

Thanks to the construction method, self-assembly is uncomplicated.

• **2-compartment free-standing letterbox made of galvanized steel, powder coated in RAL 9016 traffic white fine structure matt.**

- The system is made at the letterbox manufactory. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber seal for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket per mailbox.
- Large capacity due to optional letterbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Additional rain protection is achieved by the optional rain protection roof made of stainless steel V2A, ground.
- The stand elements are made of 42.4 mm V2A stainless steel 1.4301, ground for screw mounting or for setting in concrete.

### Important information:

Mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

### Abmessungen & Details
