Stainless steel fence mailbox designer model BIG - removal rear - with DoorBird D2100E or D1100E video intercom - VIDEO set

High-quality manufactured mailbox of the brand Briefkasten Manufaktur in extra large format. Integrated DoorBird IP video door station D2100E or D1100E. The DoorBird IP Video Door Station D2100E or D1100E is the smart solution for your front door. The IP Video Door Station can be operated as a standalone unit or integrated into an existing smart home platform. Even existing, classic installations such as a door chime or an electric door and gate opener can continue to be used with DoorBird and controlled via the app.

This is a real eye-catcher among mailboxes. Clean lines and no-frills design characterize the designer mailbox. Our products have a high value, reliable functionality and their own identity. Made by Briefkasten Manufaktur. Also the DoorBird was not only invented and developed in Germany, but is also produced in Berlin to this day. At DoorBird, "Made in Germany" is not just a seal, but a lived philosophy. The IP video door stations are manufactured in the DoorBird manufactory to guarantee the highest quality, durability and customer satisfaction.

- Surface-mounted box made of stainless steel V2A, ground on all sides.
- Incl. DoorBird IP video door station D2100E or D1100E installed.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.

Water protection

In order to achieve optimum water protection for your mail, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water when it is completely inserted in the box and the insertion flap is closed. Mail that is not completely inserted allows moisture and dirt to enter the mailbox. Therefore, it is necessary to plan sufficiently sized mailboxes for the upcoming needs. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

Abmessungen & Details
