Design flush-mounted newspaper box GOETHE UP - RAL of your choice

The modern flush-mounted newspaper box GOETHE is ideal for the sophisticated entrance area. The linear design makes this newspaper box look particularly elegant.

This newspaper box is particularly convenient because the newspaper can be completely inserted. Thus, the newspaper is protected from the weather and can be inserted crease-free. Due to the water drainage edge, the mail inside is optimally protected from the weather. The insertion flap is equipped with a high-quality stop damper, so quiet closing is guaranteed. For removal, the flap is simply opened upwards and the newspaper is conveniently taken out.

The letterboxes of the GOETHE collection are characterized by the consistent use of stainless steel. The result is very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are directly available in our store.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Newspaper box completely made of stainless steel.
- Quality production - Made in Germany by Briefkasten Manufaktur Lippe.

- Optional name inscription approx. 15-20mm high.
- Optional house number inscription approx. 70-80mm high.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder coated in RAL color.

Important information:

In order to achieve optimal water protection of your mail, if possible, the mailbox or mailbox system should be located under a canopy.

Mail is only protected from water when it is completely inserted in the box and the insertion flap is closed. Mail that is not completely inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Abmessungen & Details

Number of parties:	1
Item withdrawal:	Front
Base material:	Stainless steel
Height single box in cm:	20.0 Installation dimension 20.3 Outer dimension 25.0
