## 1 letterbox system parcel mailbox freestanding BASIC 863-ST with parcel box in RAL 7016 anthracite gray

Parcel reception independent of the delivery company! Every parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel mailbox. Sample garage contracts enclosed!

The mailboxes are made of galvanized steel, powder coated in anthracite gray RAL 7016, the stand elements are made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the well thought-out concept make this mailbox system our top seller. A rain drainage edge for optimal water protection, a throw-in flap with rubber lip, the solid changeable name plate and the robust lock distinguish this free-standing letterbox. This mailbox is easy to clean and insensitive.

Thanks to the construction method, self-assembly is uncomplicated.

- 1 party free-standing letterbox as a parcel mailbox powder coated in RAL 7016 anthracite gray fine structure matt.
- Package compartment 370x550x380 mm (WHT) incl. package lock with snap-in lock made of galvanized sheet steel, powder coated.
- Volume parcel compartment: 77 liters, Max. Package size: 340 x 520 x 350 mm (WHT).
- Parcel box door with three-point locking system including a door reinforcement.
- Door incl. through engraving with backing in stainless steel, text: "PAKET" vertically aligned, height of lettering approx. 250mm.
- Close-fitting side panel + rain canopy made of 2 mm stainless steel V2A 1.4301, powder-coated. With integrated rain edge protruding to the front, roof panel edged over side panels.
- DIN EN 13724 compliant.
- With horizontal letterboxes (W/D 370x110x380mm) made of galvanized sheet steel, powder coated. Removal from the front, the removal doors open from left to right.
- C4 insertion crosswise from the front, even large letters fit in here without bending. Insertion flap with sound-absorbing rubber seal.
- With nameplate and 2 keys per individual mailbox.
- The inscriptions of the name plate can be exchanged as desired.
- The stand elements are made of 60.0 mm V2A stainless steel 1.4301, ground for screw mounting or for setting in concrete.

### Important information:

Mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
