Security free-standing letterbox Type 184 + transfer slot - stainless steel ground

Very high quality workmanship! Made In Germany.

- The free-standing letterbox TYPE 184 with increased security standard made of high quality stainless steel V2A.
- The material thickness of the mailbox column is 5mm / 2.5mm.
- The removal doors can be opened from left to right.
- Mail items up to B4, with toothed plate as well as steel pins against unauthorized removal.
- The transfer slot with additional inner taper as well as folding rake make it almost impossible to retrieve the documents.
- The mailbox is equipped with an ABUS profile half cylinder 30/10. This allows you to easily replace the lock with another profile half cylinder of your choice (e.g. a locking system) if necessary.
- **Please note! The letterbox weighs 41 KG.**

Important information:

The mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
