## Stainless steel fence mailbox HESSE 308, removal from the rear side

Ideal as a fence mailbox, the insertion is from the front and the removal from the back. Manufactured by Briefkasten Manufaktur. The art builder in the matter of mailboxes. The removal door is equipped with a practical Plexiglas viewing window.

- Letterbox made of 1mm high-quality, weather-resistant stainless steel V2A 1.4301, ground.
- Rear door with Plexiglas - viewing window for viewing & opening limiter.
- Removal of mail takes place at the back, removal flap to open from top to bottom.
- Insertion takes place from above.
- The box complies with DIN/EN, insertion C4 crosswise. Here fit also large letters purely, without bending.
- The scope of delivery includes 2 keys and an engravable nameplate to stick on.
- Optional name inscription, lasered approx. 10-20mm high.
- Optional house number inscription, lasered approx. 60-80mm high.
- Suitable for fence mounting, hole can be punched on the side(pre-punched & sealed).

### Important Information:

Mail is only protected from water when it is completely deposited in the box and the insertion flap is closed. Mail that is not completely inserted allows moisture and dirt to enter the mailbox. Therefore, it is necessary to plan sufficiently sized mailboxes for the upcoming needs. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.
