## stainless steel mailbox free-standing Albert 324 with newspaper box on the back

This high-quality mailbox free-standing consists entirely of stainless steel V2A 1,4301. The daily newspaper can be inserted on the back.

- mailbox free-standing made of high quality stainless steel V2A, brushed.
- with an integrated newspaper role in the back. You can remove the newspaper one piece from the side, open on both sides.
- withdrawal from the front. Withdrawal door with stainless steel cylinder lock including 2 keys.
- letter from the front, throw-in flap with attachment damping.
- The box corresponds to the DIN/EN. Involving C4 across, large letters also fit in here without kinking.
- incl. self-adhesive, engravable name tag made of stainless steel.
- The stand columns consist of 42.4 mm stainless steel V2A 1,4301, sanded for screw mounting or for concreting.

### Important information:

The post is only protected from moisture and pollution when the flap is completely thrown and closed. In certain extreme weather conditions, water can still occur (according to DIN EN 13724 to 1ccm). This is not a reason for complaint.
