free-standing letterbox Design BASIC 381 ST-R - stainless steel RAL 7016 anthracite gray

Modern free-standing letterbox made in Germany by Briefkasten Manufaktur.

The letterbox is made of galvanized steel, powder coated in anthracite gray RAL 7016, the stand elements and access flap made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the sophisticated concept make this free-standing letterbox our top seller. A rain drainage edge for optimum water protection, a double-edged access flap with rubber buffer, the solid changeable name plate, a practical mail holding bracket and the very robust lock characterize this free-standing letterbox. This mailbox is easy to clean and insensitive.

Thanks to the construction method, self-assembly is uncomplicated.

The design of your entrance area will be perfect if you combine the self-adhesive stainless steel house number (not included, see accessories).

• free-standing letterbox made of galvanized steel, powder-coated in anthracite-gray RAL 7016

- The system is created at the letterbox manufactory. German quality production "Made in Germany".
- The mailbox complies with DIN/EN 13724. Throw-in size (3.5 cm x 32.5 cm) for C4 crosswise, large letters fit in here without bending.
- Stainless steel insertion flap, ground with noise-dampening rubber buffers for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail retaining bracket.
- Optional newspaper compartment, rear side, open on both sides, made of galvanized steel, powder-coated in anthracite gray RAL 7016.
- Large capacity due to optional mailbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Additional rain protection is achieved by the optional stainless steel rain protection roof.
- The stand elements are made of 42.4 mm V2A stainless steel 1.4301, ground for screw mounting or for setting in concrete.

Important information:

Mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
