4-compartment Stainless steel mailbox freestanding design BASIC 381-VA - optionally with rain protection roof & newspaper compartment

High-quality stainless steel free-standing letterbox for 4 parties made in Germany by Briefkasten Manufaktur.

The complete mailbox system is made of weather-resistant stainless steel, ground. The very high quality workmanship and the sophisticated concept make this stainless steel mailbox system our top seller. A rain drainage edge for optimum water protection, a double-edged access flap with rubber buffer, the solid changeable name plate, a practical mail retaining bracket and the very robust lock distinguish this stainless steel mailbox system.

Thanks to the construction method, self-assembly is uncomplicated.

• 4-compartment free-standing letterbox made of weather-resistant stainless steel, ground

- The system is made at the letterbox manufactory. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber buffers for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket per mailbox.
- Optional newspaper compartments, rear side, open on both sides made of V2A stainless steel 1.4301, ground.
- Large capacity due to optional letterbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Additional rain protection is achieved by the optional rain protection roof made of stainless steel V2A, polished.
- The stand elements are made of 42.4 mm stainless steel, ground for screw mounting or for setting in concrete.

Important information:

The mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

Stainless steel V2A must be maintained regularly and should not be used in salty areas. For cleaning and maintenance we recommend our maintenance oil. See accessories.

Abmessungen & Details

Number of parties:	4
Item withdrawal:	Front
