Ultra video module with dummy button for rear frame with external buttons incl. 1210A power supply unit - RAL of your choice

Product number 1299-KSUT2020-HB-MP

Product description

Ultra video module with dummy button for rear mounting with external buttons incl. 1210A power supply unit - RAL of your choice

Comelit Ultra video module for rear mounting in letterbox systems with external buttons (Ultra 3063U button interface required, not included), the Ultra digital call module or the Ultra touchscreen module.

- Audio/video unit in RAL/DB colour of your choice.
- 2-wire system, simply plug in 2 wires and get started.
- Wide-angle camera (H120° x V90° field of view) with high resolution (1288 x 968 pixels).
- LED illumination of the camera. Thanks to the integrated infrared LEDs under the camera lens, all visitors are optimally displayed even at night.
- Omnidirectional digital microphone and two loudspeakers for hi-fi audio.
- Additional visual and acoustic indicators for disabled persons, adjustable in the programming.
- Thanks to the integrated relay, door or gate openers can be connected directly via the module. The door and gate openers are controlled via the indoor station or via your smartphone or tablet using an app.
- Protection class IP65 and IK08.
- Module for rear installation in our panels and letterbox systems.
- Incl. 1210A power supply unit (optional accessories required: Ultra 3063U push-button interface, Ultra digital call module, Ultra touchscreen module, 6741W, 6721W or 6801W home station video).
- Recommended installation height: 1350-1600mm.

Important information

Camera or intercom station preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.
