Designer through-the-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice | 390-560mm depth | with 1 mailbox

Product number 215-MDW-1S-560

Product description

Design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice

The modern through-wall letterbox GOETHE is ideal for a sophisticated entrance area. Its clean-lined design gives this letterbox an especially elegant appearance. With a variable chute length between 300 mm and 390 mm or 390 mm and 560 mm, this letterbox can be used in almost any masonry.

The dimensions of the individual boxes provide a capacity of approx. 24–44 litres; the large aperture ensures that even C4 envelopes and magazines, or mail accumulated during several days' absence, are not creased. Thanks to the water-drip edge, mail inside is optimally protected from the weather. The flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be easily operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a view to high flexibility and modularity, easy spare-part installation and straightforward self-installation. Spare parts for all GOETHE units are available directly in our shop.

Thanks to the construction method, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality through-wall letterbox made entirely of stainless steel.
- Chute made of stainless steel 1.4016 (non-rusting magnetic stainless steel), untreated.
- Body made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterbox complies with DIN/EN 13724. Aperture size (3.5 cm x 36.0 cm) for C4 landscape; large letters also fit without folding.
- Letter flap & collection door made of stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- Letters are inserted and removed from the front. Flap with high-quality hinge dampers for very quiet insertion of mail.
- Collection door opens from top to bottom. This prevents the mail from falling towards you.
- Nameplate made of Plexiglas for name inscription and second nameplate with advertising Yes/No per unit.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable chute length 300–390 mm or 390–560 mm. External dimensions of the letter chute B 380 mm x H 180 mm.
- External dimensions of front and back B 450 mm x H 250 mm.

Important information:

To achieve optimal water protection for your mail, the letterbox or mailbox system should, if possible, be located under a canopy.

Mail is protected from water only when it is placed entirely inside the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This unit is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a valid reason for a complaint.
