17-unit stainless-steel surface-mounted mailbox system Design BASIC Plus 385XA AP - RAL colour of your choice | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | ? Colour of your choice | with 17 mailboxes

Product number 385XA-17W

Product description

Wide surface-mounted mailbox system BASIC Plus 385XA for 17 households – RAL colour of your choice

The BASIC Plus 385XA surface-mounted mailbox system for 17 households is a robust wall solution for larger apartment buildings, residential complexes and commercial properties. The wider W version distributes the mailboxes across a multi-column front and keeps the overall system lower and more compact in proportion.

The BASIC Plus mailbox system is made entirely of stainless steel V2A and is powder-coated in the selected RAL colour. The modular construction is designed for durability, simple installation and good availability of spare parts.

Each mailbox measures 300 × 110 × 385 mm (W × H × D) and provides approx. 12 litres of volume. The 35 × 265 mm insertion opening is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys with key number and a replaceable nameplate located under the letter flap.

The advantages of the BASIC Plus 385XA surface-mounted system at a glance

Rain canopy and side panels

Rain canopy and side panels combine the individual mailboxes into a continuous surface-mounted system. The coordinated cladding provides a neat front and a clean finish at the façade.

DIN C4 insertion and 12 litre volume

The 300 × 110 × 385 mm (W × H × D) mailboxes each offer approx. 12 litres of volume. The 35 × 265 mm insertion opening also accepts larger DIN C4 items in portrait orientation.

Quiet posting and secure allocation

The rubber lip damps the letter flap. Robust locks, two keys with key number and protected replaceable nameplates ensure clear allocation of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail facilitates installation; fixings with screws and wall plugs are included in the described configuration.

BASIC Plus in RAL colour of your choice

Stainless steel V2A provides the robust basis; the powder coating can be applied in the desired RAL colour to match the façade, front door and window profiles. BASIC Plus also stands for consistent V2A use, modular construction and readily available spare parts.

Equipment of the BASIC Plus 385XA mailbox system

Mailbox system

Number of mailboxes 17 individually lockable mail compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Stainless steel V2A, powder-coated in RAL colour of your choice
Finish Powder coating in RAL colour of your choice
Standard DIN EN 13724

Mail and operation

Insertion opening 35 × 265 mm, suitable for DIN C4 portrait
Letter flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Replaceable nameplate beneath the letter flap

Cladding and wall installation

Side cladding Close-fitting design
Rain canopy Robust, matching the system
Installation type Surface-mounted wall installation
Mounting aid Mounting rail
BASIC Plus Modular construction with spare parts directly available
Fixings Screws and wall plugs included; suitability for the wall structure on site must be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be flat and sufficiently load-bearing. The supplied screws and wall plugs are only to be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the insertion flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

BASIC Plus construction

The BASIC Plus series consistently relies on stainless steel V2A and a modular, installation-friendly construction. Spare parts for BASIC Plus systems are directly available.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Number of boxes	with 17 letterboxes
Mounting type	Surface-mounted
