Product description

2-unit 1x2 Stainless Steel Surface-mounted Mailbox Design BASIC Plus 382XA AP - Brushed Stainless Steel V2A

High-quality surface-mounted mailbox for 2 households, Made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made of brushed stainless steel V2A. The very high-quality workmanship and the well-thought-out concept make this mailbox system one of our best sellers. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical mail-retention bar and the very robust lock characterise this surface-mounted mailbox system.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with regard to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts are readily available for all BASIC Plus systems.

Thanks to the design, self-assembly is straightforward. The mailbox system is prepared for uncomplicated complete installation; there is no need for labourious wall mounting of individual boxes.
