7-unit 4x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 7 mailboxes

Product number 215-AP-7-100

Product description

7-unit 4x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality 7-unit surface-mounted mailbox system. The modern GOETHE mailbox is ideal for a demanding entrance area. The linear design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual compartments provide a capacity of approximately 16 litres; the large letter slot ensures that DIN C4 envelopes and magazines, or post accumulated during several days' absence, do not become creased. The innovative Push-Key lock is hidden inside the mailbox. The key is simply inserted into the existing opening (no turning necessary) and the door opens. With the position of the lock, this mailbox is designed so that the collection door prevents the post from falling out towards you. The internal post is optimally protected from the elements by the rain runoff edge. The letter flap is equipped with high-quality hinge dampers, ensuring a quiet closing and preventing annoying rattling caused by the weather. The replaceable Plexiglas nameplates can be easily operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an Advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 7-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in the RAL colour of your choice.
- Innovative Push-Key lock with 2 keys per mailbox.
- Letter insertion and collection are from the front. Letter flap with high-quality hinge dampers for very quiet insertion of post.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters can be inserted without folding.
- Collection doors open from top to bottom, preventing the post from falling out towards you.
- Plexiglas nameplate for name inscription and a second nameplate 'Advertising Yes/No' per mailbox.
- Optional house number labelling approx. 100–150 mm high.
- Optimal protection from rain via rain runoff edges and a rain canopy made from 3 mm aluminium AlMg3 W19, powder-coated in the RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in the RAL colour of your choice.
- Includes mounting rail for wall installation.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the compartment and the letter flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
