Product number 803-RALE2-ZF-STBP

Product description

Design freestanding letterbox BRENTANO® ST-BP with newspaper compartment - Design Elegance 2 - RAL colour of your choice

The BRENTANO® letterbox with an elegant rectangular tube stand element, integrated newspaper compartment, concealed lock and an elegant 100 mm stainless steel front plate including name inscription and house number in grey combines modern design with first-class functionality. Manufactured from high-quality materials and powder-coated, it impresses not only as a stylish design feature for your home but also through its durability. The clean lines and careful workmanship make the BRENTANO® letterbox the ideal choice for the highest design standards. Thanks to its robust construction it is particularly weather-resistant and ensures reliable protection for your post. Perfect for those who value a harmonious balance of design and function.

The generous dimensions of the BRENTANO® design letterbox provide a capacity of approx. 20 litres, so larger items such as C4 envelopes or magazines can be received without folding – even after several days away. The top insertion ensures comfortable handling. In addition, the letterbox is equipped with dampers that ensure a soft and quiet closing of the insertion flap. The innovative Push-Key lock, concealed invisibly inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your post from falling out when opened. Made from stainless steel as well as galvanised steel and additionally powder-coated, this letterbox is particularly durable and of high-quality workmanship.

The unique one-handed operating concept with the Push-Key lock, exclusively available from Briefkasten Manufaktur Lippe, allows particularly easy handling: with just one hand you can open the letterbox, remove the post and close it again. Protected by a utility model (DPMA file reference DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to the design, self-installation is uncomplicated.

- High-quality freestanding letterbox, powder-coated in a RAL colour of your choice.
- Quality manufacture - Made in Germany
- Design Elegance 2: 100 mm stainless steel front plate, brushed with 240-grit finish.
- Innovative Push-Key lock including 2 keys with key number. Comfortable locking without using the key.
- Letterbox body made from 1.5 mm galvanised steel.
- Retrieval door made from 1.5 mm stainless steel V2A 1.4301 with opening limiter, opens from top to bottom. The retaining plate prevents your post from falling out.
- The insertion is from above, and the flap is equipped with an opening limiter and high-quality dampers that enable silent closing.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without folding.
- Newspaper compartment (W x H 400 x 120 mm) made from 1.5 mm galvanised steel, powder-coated. Open on both sides.
- Individual UV- and weather-resistant laser engraving.
- The stand post is made from 80 mm x 40 mm stainless steel V2A 1.4301, powder-coated in a RAL colour, for bolted installation or for embedding in concrete.

Important information:

To achieve optimal protection of your post from water, the letterbox or letterbox system should, if possible, be located under a canopy.

Post is only protected from water if it is placed completely inside the box and the insertion flap is closed. Post that is not fully inserted allows moisture and dirt to enter the letterbox. This unit is protected against ingress of water according to DIN EN 13724. Water ingress is not a valid reason for a complaint.
