Surface-mounted mailbox system STORM for 3 households – single-column – RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | with 3 mailboxes (1x3)

Product number 480A-3S-7016

Product description

Surface-mounted mailbox system STORM for 3 households – RAL 7016 Anthracite grey

Three independent mailboxes make this STORM surface-mounted system a high-quality solution for small apartment buildings, rental properties, practices or buildings with three separate users. The slim design is particularly suitable for entrances with limited wall width.

The entire visible system – mailboxes, rain canopy and side cladding – is made from galvanised steel and powder-coated in RAL 7016 Anthracite grey fine-textured matt. The high-quality finish emphasises the linear form and provides a uniform appearance.

Each of the 3 letterboxes features a 35 × 340 mm insertion aperture for DIN C4 landscape, a noise-dampening insertion flap with high-quality rubber buffers and a downward-opening retrieval door with opening stop. Mail retention bars, separate locks and changeable nameplates ensure clear allocation and comfortable use.

The advantages of the STORM surface-mounted mailbox system at a glance

Ideal for small apartment buildings

Three independent mailboxes make this STORM surface-mounted system a high-quality solution for small apartment buildings, rental properties, practices or buildings with three separate users. The slim design is particularly suitable for entrances with limited wall width.

High-quality construction from galvanised steel

Mailboxes, rain canopy and side cladding are manufactured from galvanised steel. The robust material base is designed for long-term use in entrance areas and gives the STORM system a solid, premium construction.

RAL 7016 Anthracite grey – fine-textured matt

The entire visible system is uniformly powder-coated in RAL 7016 Anthracite grey fine-textured matt. The finely textured, matt surface appears high-quality and modern and pairs particularly well with contemporary façades, doors and window profiles.

Comfortable insertion of DIN C4 mail

The 35 × 340 mm insertion apertures are designed for DIN C4 letter items in landscape format. Larger envelopes can also be inserted without bending.

Thoughtful everyday convenience

Noise-dampening rubber buffers, downward-opening retrieval doors with opening stop and integrated mail retention bars make daily use pleasant. Separate locks and protected changeable nameplates ensure clear allocation.

Equipment of the STORM surface-mounted mailbox system

Construction and finish

Configuration 1 column × 3 rows
Mailboxes 3 separately lockable mailboxes
Mailbox material Galvanised steel
Rain canopy and side cladding Galvanised steel
Finish RAL 7016 Anthracite grey fine-textured matt
Standard Mailboxes according to DIN EN 13724

Mail handling

Insertion aperture 35 × 340 mm per mailbox, suitable for DIN C4 landscape
Insertion flaps With high-quality, noise-dampening rubber buffers
Mail retrieval Front access, door opens downwards with opening stop
Mail retention bar Integrated in each mailbox
Keys 6 keys in total, 2 per mailbox
Nameplates 3 protected changeable nameplates, one per household

Installation and manufacture

Mounting type Surface-mounted wall installation
Mounting screws Included
Application Ideal for small apartment buildings
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

For optimal protection of deposited mail we recommend installation under a canopy or in a protected entrance area. Mail items must be fully inserted so that the insertion flaps can close completely.

Note on wall mounting

Briefkasten Manufaktur Lippe GmbH

Before installation, the load-bearing capacity and condition of the wall must be checked. Depending on masonry, concrete or façade construction, additional wall plugs or special fastening systems may be required. The supplied mounting screws must be used according to the specific installation situation or supplemented professionally where appropriate.

Product properties

Material	Steel, galvanised
Series	STORM
Boxes by volume	Normal > 10 litres
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey
Name labelling	Laser-engraved
Removal of mail	On the front
Mounting type	Surface-mounted
Number of boxes	with 3 letterboxes
